

Have you heard about DevPaed Connect?

What is it?

DevPaed Connect helps your GP get timely advice from Child Development specialists about developmental and behavioural concerns, without the wait.

It supports shared care between your GP and specialist services, so families can access guidance sooner.

What does it offer?

Your GP can access:

- Written/phone advice within 1-2 business days
- Virtual multidisciplinary case conferences (MDCCs) in 1-2 weeks involving a Paediatrician, allied health and/or nursing clinicians and your GP.

Important to know

DevPaed Connect is **not a direct patient booking service**. Your GP initiates the request on your behalf.

How does it work?

1. Your GP visits or scans the QR code for: <https://devpaedconnect.health.gov.au/>

2. They select the type of developmental advice or support they need.

Who can use this service?

Children and young people who live in the **Gold Coast Health Catchment**.

You do **not** need to already be known to the Child Development Service (CDS).
