

Update to incoming referrals

Gold Coast Health has implemented the Smart Referrals workflow solution across a number of referral management areas.

To refer a patient, there are two preferred methods:

1. A centralised fax number

Fax all referrals to the centralised
number at **(07) 5687 4497** or

2. Secure File Transfer (Kiteworks)

Email **GCTReferralIntake@health.qld.gov.au**
and you will be issued a link that you can easily
and securely upload your referral.

Please mark urgent referrals

Continue to mark urgent referrals so they can be prioritised.

For further information, please email smartreferralsgc@health.qld.gov.au
