Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:
- Employment of an additional teacher for the purposes of providing explicit 1:1 reading instruction similar to the Reading Recovery Program for children currently not on track to attain NMS.
- Employment of an additional two Teacher-Aides for the purposes of providing additional support to small groups to improve Reading, Writing and overall achievement levels.
- Improving teacher ability to cater for all learners through coaching and mentoring in best practice literacy and numeracy pedagogy and assessment.
